As mentioned during the IRIS Kick-off meeting in February and every EPA-Wide IRIS Meeting since, we are planning to release the *Systematic Review Protocol for the PFBA, PFHxA, PFHxS, PFNA, and PFDA IRIS Assessments* for public comment in June. In preparation, we are providing the current draft of the document (attached) and have scheduled an EPA-wide briefing for May 30<sup>th</sup> at 3:00 PM Eastern. If as you read the protocol you see red flags or showstoppers that you would like to bring to our attention, please send them to [Andrew Kraft](#), IRIS Associate Director for Science and NCEA PFAS Lead, by May 28<sup>th</sup>. Please also copy [Vicki Soto](#) in your communications as Andrew may be out during part of this month.
